Subject: 2A tactical

[EXTERNAL]

John, I would like a chance to clear Saccoccia Electric's name. This is about the miscommunication on 2A tactical permitted electric work.

Prior to us showing up to do the work Owner Mr. Russel said he would take care of the permit. As it is at his home, and he would like to hire us to do the work. So, we did.

I would also like to state I'm more than willing to come in and pull a permit as this is part of our daily routine here at Saccoccia Electric.

I would like this to be shared with public, ZBA, and quite frankly anyone involved. As MY NAME and BUSINESS is something I take very serious and I'm very proud of it. So, I don't appreciate the Smear campaign that was introduced in Mr. Russel's attorney's letter.

Thanks
Jim Saccoccia
